

FISCAL NOTE

HB 33 – SB 238

February 1, 2007

SUMMARY OF BILL: Expands the definition of the practice of dentistry to include the taking of an impression of the human tooth, teeth, or jaws leading to the fabrication of a model upon which will be constructed a replacement of natural teeth by artificial substitutes or the fabrication of a cosmetic metal apparatus to be worn in the human mouth.

ESTIMATED FISCAL IMPACT:

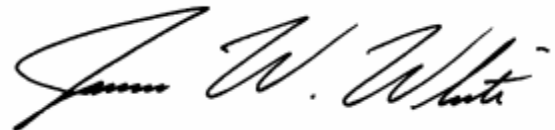

Increase State Expenditures – Not Significant
Increase State Revenues – Not Significant

Assumptions:

- The Board of Dentistry would investigate any submitted complaints that an unlicensed individual took an impression of the teeth.
- The number of complaints is estimated to be minimal and will not have a significant impact on state expenditures.
- All Health Related Boards, by statute, are self supporting such that revenues equal expenditures.

CERTIFICATION:

This is to duly certify that the information contained herein is true and correct to the best of my knowledge.

A handwritten signature in black ink, appearing to read "James W. White". The signature is fluid and cursive, with the first name "James" and last name "White" clearly distinguishable.

James W. White, Executive Director
